

The School Council

Date : 7th February 2024

Council members present:- Tillie, Maddison, Katie, Thomas, Esmae, Havva, Hope, Chance

Apologies : Blossom, Summer

Agenda :

1. **Minutes from last meeting** – These were accepted as a true record and Havva signed them.
2. **Matters arising** – Younger siblings are on the gym equipment at home time, councillors didn't think this was safe. *Councillors reported that this was still going on – Mrs Mills to mention to the teachers.*
3. **Children's Mental Health Week – listen to the power point – look at the scales slide – what do we think?** Councillors drew the scales for their class to show the balance between children and adults. In most classes, it was thought that the children and adults voices were about equal. In some classes, the adults voices were a little stronger – do we think that's a problem?
4. **Walk around school – what can we improve?** We walked around school looking at shared areas such as the hall, corridors and the ICT suite through a child's eye. Each councillor wrote a list of things that they had noticed and fed back to the group when we returned to the classroom. Mrs Mills wrote a list and will share this with the teachers in briefing tomorrow.
5. **AOB** – We are very excited that the school has found the funding for our Archbishop's Young Leaders Award! This will, hopefully start after the half term break.
6. **Closing Prayer** – Esmae closed the meeting with a prayer.
