### Pupil Premium Statement 2019 - 2020

The Government makes funds available to all schools to target children whose circumstances make them vulnerable to underachievement. This is called the Pupil Premium. At The Magdalen Church of England / Methodist Primary school we track all children's progress closely and ensure that they are reaching their full potential whatever their circumstances.

It is for schools to decide how the Pupil Premium is spent, since they are best placed to assess what additional provision should be made for the individual pupils within their responsibility. However, schools are to be held accountable for how they have used the additional funding to support pupils from low-income families.

Pupil Premium funding is additional funding allocated to all schools to support disadvantaged pupils. The Magdalen Church of England / Methodist Primary School receives pupil premium for: children that are cared for or adopted from care, children whose parents are in the armed forces and every pupil who has received free school meals over the past 6 years.

We will tell you if your child is eligible for the funding or you can check online using a 'Free School Meals / Pupil Premium Service' at <https://lcc.cloud.servelec-synergy.com/parentportal> Children in Reception and KS1 are automatically entitled to a free school lunch; however, registering your child for free meals will entitle them to additional support. The Pupil Premium Statement for 2019 - 2020 contains details of the outcomes and impact for the children in receipt of Pupil Premium for 2018 - 19, and details of our planned spend for 2019-20.

At The Magdalen Primary School, we aim to improve the academic outcomes of disadvantaged children of all abilities as well as ensuring that their attainment is in-line with that of their peers.

We invest a high proportion of our allocated Pupil Premium allowance on the quality of teaching – we believe as a school, that this matters most. The quality of education that we provide our children, is the biggest driver when we consider the impact of pupil attainment. While we firmly believe that targeted support undoubtedly has its place, we uphold a tiered approach to our spending, focusing first on high-quality teaching, followed by targeted support before moving to whole-school strategies. Using a tiered approach, according to the Education Endowment Foundation, this has shown the greatest amount of impact on children, and at The Magdalen Primary School we adopt this approach to our forward planning of our Pupil Premium spend, which has the potential to impact positively on all pupils.

All members of our school are committed to providing the very best education possible for our children. We work very closely with all of our stakeholders to ensure the children can be the best that they can be by setting high expectations and continually ensuring that children remain safe, secure and are happy. At The Magdalen Primary School, we support all our pupils. We do this by providing high quality teaching, supplemented by interventions for all children including specific targeted interventions for Pupil Premium, as well as targeting the more-abled disadvantaged children.

The Magdalen Primary School seeks to ensure the effectiveness of its use of the Pupil Premium. We understand and recognise that barriers to achievement take a variety of forms and we look for individual ways to support each child to achieve their very best. We do this by offering our children a wide range of opportunities and ensuring that these are accessible for everyone.

The School Leadership Team and the Governing Body, along with our Governor who is directly linked to Pupil Premium, gives pupil premium a high profile in our school. We work together to challenge and to champion their learning. We monitor the impact of all spending and interventions. We will ensure that all staff are accountable for the attainment and progress children in receipt of the pupil premium grant.

To guide us on how best to use the school's resources to improve the attainment of disadvantaged pupils for this current year, we have considered evidence on what will have the most impact for our children at The Magdalen Primary School using educational research such as The Sutton Trust-EEF Teaching and Learning Toolkit.

As a school, we are always striving to identify ways to spend our allocation more effectively, by being forward-thinking and keeping up to date with current research and to use this evidence-based approach to inform us.

### LONG-TERM PLAN (2-3 YEAR TIMESCALE):

Using research carried out by the Education Endowment Foundation (an article titled “How effectively is your school spending its money?”) we have and will be considering the following when planning our long-term plan in order to maximize the impact of our Pupil Premium funding.

1. We will be using evidence of ‘what works’ for us as at The Magdalen Primary School to inform our decision-making, focusing on the areas that make the biggest difference to our children’s outcomes.
2. We do and will plan on using a tiered approach to our spending, focusing on improving the quality of teaching, followed by targeted support, before moving onto whole school strategies.
3. Continue to improve the quality of teaching by using some of our Pupil Premium allocation to recruit and retain teachers within our school.
4. We provide all of our children who are in receipt of Pupil Premium targeted support, including our high attainers, as we know that children who are disadvantaged who achieve highly at Primary school are less likely than their peers to convert this potential into excellent grades at secondary school.

*From this, our long-term plan for our Pupil Premium spend falls into the following key areas:*

#### Quality of Teaching

- Learning and the Curriculum

#### Targeted Support

- Identifying individual barriers to learning
- Valuing personal development behaviour and welfare (Social and Emotional Learning)
- Enrichment within and beyond the curriculum
- Working effectively with parents

#### Whole School Strategies

- Attendance
- Inspiring and motivating children to consider their futures

## 5.. Whole School Strategies

Desired outcome	Chosen action/approach (s)	Rationale for choice	Ensuring quality implementation	Staff Lead
<p>Whole School Strategies</p> <p><b>Target 5</b></p> <p>Improved attendance of disadvantaged children. To maintain that no PP child's attendance drops below 96%.</p>	<p>Children are motivated coming to school.</p> <p>If children are present, then learning can take place and progress follows.</p> <p>Funding and personalised strategies to be decided to support pupils and families as and when individual circumstances arise.</p> <p><b>Termly Raffle:</b> children will be entered into the termly raffle if they have had 100% attendance for a term.</p> <p>We will also recognise those children who have had 100% attendance for the whole of the academic year and these children will be entered into a raffle to win a bike and helmet.</p>	<p>Giving parents the skills to engage with their child's learning, will enable them to support the learning at home and address potential barriers to achievement.</p> <p>Specific identified disadvantaged children continue to be a group whose attendance needs improving. Much of the work is around developing the 'character' of the children.</p> <p>This means a set of attitudes, skills and behaviours that are thought to underpin success in school and work, such as self control, social skills, motivation, and resilience.</p>	<p>Attendance figures reported to Governors.</p> <p>Close liaison with class teachers and admin staff.</p> <p>Communication between admin, SLT, relevant class teachers and parents is key. Conversations with parents to offer support where appropriate.</p> <p>Breakdown of attendance reports in order to monitor persistent absenteeism.</p>	<p>SLT</p> <p>Admin staff</p> <p>Teaching Staff</p> <p>TA Staff</p>

## 6.. Whole School Strategies

Desired outcome	Chosen action/approach (s)	Rationale for choice	Ensuring quality implementation	Staff Lead
<p>Whole School Strategies</p> <p><b>Target 6</b></p> <p>We aim to broaden horizons and raise aspirations, giving our children a wide range of experiences of the world including the world of work.</p>	<p>We aim to carefully plan a careers fair for our Upper Key Stage 2 children.</p> <p>We would like to ask volunteers in one afternoon in the Summer Term to informally speak to the children about the profession that they find themselves in.</p> <p>It would be amazing to see the children talking and listening to the volunteers.</p> <p>Children will then hopefully make the link between what they do in school every day has a part to play in their exciting futures where they could become the next scientists, teachers, politicians, vets.</p>	<p>Much of the work is around developing the ‘character’ of the children.</p> <p>This means a set of attitudes, skills and behaviours that are thought to underpin success in school and work, such as selfcontrol, social skills, motivation, and resilience.</p> <p>It is about opening doors, showing children the vast range of possibilities open to them and helping to keep their options open for as long as possible.</p> <p>And there is a range of attributes, skills, and behaviours that can be encouraged in this early stage of a child’s life that will leave them in the best possible position as they begin their transitions to secondary education and to future life.</p> <p>A survey carried out by the National Association of Head Teachers, in 2017, stated that that giving children the chance to meet people from the world of work and hearing about their life journeys can help them</p>	<p>Keep an open dialogue with the children about their future aspirations, particularly our Year 6 children in the Summer Term when they are readying to transition on to Secondary School.</p> <p>Teachers to encourage a culture of you can achieve anything.</p>	SLT
