It is important that your grant is used effectively and based on school need. The [Education Inspection Framework](#) (Ofsted 2019 p64) makes clear there will be a focus on **‘whether leaders and those responsible for governors all understand their respective roles and perform these in a way that enhances the effectiveness of the school’**.

Under the [Quality of Education criteria](#) (p41) inspectors consider the extent to which schools can articulate their curriculum (INTENT), construct their curriculum (IMPLEMENTATION) and demonstrate the outcomes which result (IMPACT).

To assist schools with common transferable language this template has been developed to utilise the same three headings which should make your plans easily transferable between working documents.

Schools must use the funding to make **additional and sustainable** improvements to the quality of Physical Education, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and Sport Premium to:

- Develop or add to the PESSPA activities that your school already offer
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Please visit gov.uk for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. This document will help you to review your provision and to report your spend. DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend.

Schools are required to [publish details](#) of how they spend this funding as well as on the impact it has on pupils’ PE and sport participation and attainment by the end of the summer term or by **31st July 2021** at the latest.

We recommend regularly updating the table and publishing it on your website throughout the year. This evidences your ongoing self-evaluation of how you are using the funding to secure maximum, sustainable impact. Final copy must be posted on your website by the end of the academic year and no later than the 31st July 2021.

Our 2020/21 Action Plan within the context of COVID19: Funding

DfE: Conditions of Grant (2019/20) - Underspend

COVID19: PE, School Sport & Physical Activity (PESSPA) Safe Practice

With regards to the planning (Intent) of what we want to achieve this year, we have ensured that we have referred to all national and local COVID19 guidance available at the time in relation to each of the PE & Sport Premium Outcome Indicators. With regards to delivery (Implementation) of our Action Plan we will amend any actions as appropriate in line with any new guidance as it emerges.

Specifically, we will have:

- Consulted all the latest, appropriate DfE, Youth Sport Trust and the Association for PE (afPE) published information to support children and colleagues in schools with regards to COVID19 and PE, Sport and Physical Activity.
- Ensured that future actions support any whole school requirements / recommendations contained in the latest Department for Education Guidance for full opening: schools with particular reference to pupil well-being
- Ensured future actions support Physical Activity requirements / recommendations for children and staff contained in the latest Department for Education Guidance for full opening: schools.
- Ensured future actions support the implementation and delivery of the new, whole-school Relationships and health education (RHE) for primary aged pupils which becomes compulsory from September 2020, and which schools are expected to start teaching by at least the start of the summer term 2021.
- Ensured that we follow all latest national COVID19 guidance in relation to our plans for next year, with a particular focus on engaging external providers to work alongside children and staff in a range of roles including CPD, activity provision, competition and leadership training.
- Worked with staff who need essential guidance and support in delivering purposeful PESSPA within the COVID19 framework
- Worked with Allison Consultancy who provide COVID19 Safe-Practice in PESSPA training to support PE Leads and staff across the academy.
- Ensured that any competitive opportunities we provide, in line with current national guidelines, will be non-contact in nature.
